(ERC or IRS Cash Rebates)

...➤ **Up to \$26,000 per W2 Employee** ◀...  
(Full & Part-Time)

\*Refer to the Employee Retention Credit under Section 2301 of the Coronavirus Aid, Relief, and Economic Security Act Notice 2021-20

## Take advantage of the EMPLOYEE RETENTION CREDIT (ERC) for COVID-19 Relief

The ERC was not widely used until March 2021, when updated IRS regulations made this type of COVID-19 Relief more accessible. In short: thousands of businesses who once picked between the Paycheck Protection Program (PPP) and ERC can now possibly use both, by amending their Quarterly Form(s) 941. The Employee Retention Tax Credit (ERTC) is an IRS tax credit designed to help small businesses. The credit refunds payroll costs already spent. There is no need to pay back the ERTC, and is in a sense, similar to the stimulus check that taxpayers received. Any business structure under 500 employees can potentially qualify. This includes even non-profits and start-ups.

The initial analysis to determine your eligibility and approximate credit is completely free. If you file for an ERC with us, our fee is a percentage of the credit to be received.
